Forward-Looking Statements, Environmental Statement and Equal Opportunity Policy

FORWARD-LOOKING STATEMENTS
This report may contain statements, estimates or projections that constitute “forward-looking statements” as defined under U.S. federal securities laws. Generally, the words “believe,” “expect,” “intend,” “estimate,” “anticipate,” “project,” “will” and similar expressions identify forward-looking statements, which generally are not historical in nature. Forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the Coca-Cola Company’s historical experience and our present expectations or projections. These risks include, but are not limited to, obesity and other health concerns; scarcity and quality of water; changes in the nonalcoholic beverages business environment, including changes in consumer preferences based on health and nutrition considerations and obesity concerns; shifting consumer tastes and needs, changes in lifestyle and competitive product and pricing pressures; the impact of the global credit crisis on our liquidity and financial performance; our ability to expand our operations in developing and emerging markets; foreign currency exchange rate fluctuations; increases in interest rates; our ability to maintain good relationships with our bottling partners; the financial condition of our bottling partners; our ability and the ability of our bottling partners to maintain good labor relations, including the ability to renew collective bargaining agreements on satisfactory terms and avoid strikes, work stoppages or labor unrest; increase in the cost, disruption of supply or shortage of energy; increase in cost, disruption of supply or shortage of ingredients or packaging materials; changes in laws and regulations relating to beverage containers and packaging, including container deposit, recycling, eco-tax and/or product stewardship laws or regulations; adoption of significant additional labeling or warning requirements; unfavorable general economic conditions in the United States and other major markets; unfavorable economic and political conditions in international markets, including civil unrest and product boycotts; changes in commercial or market practices and business model within the European Union; litigation uncertainties; adverse weather conditions; our ability to maintain brand image and corporate reputation as well as other product issues such as product recalls; changes in legal and regulatory environments; changes in accounting standards and taxation requirements; our ability to achieve overall long-term goals; our ability to protect our information systems; additional impairment charges; our ability to successfully manage Company-owned bottling operations; the impact of climate change on our business; global or regional catastrophic events; and other risks discussed in Company’s filings with the Securities and Exchange Commission (SEC), including our Annual Report on Form 10-K, which filings are available from the SEC. You should not place undue reliance on forward-looking statements, which speak only as of the dates they are made. The Coca-Cola Company undertakes no obligation publicly update or revise any forward-looking statements.

ENVIRONMENTAL STATEMENT
A healthy environment, locally and globally, is vital to our business and to the communities where we operate. We view protection of the environment as a journey, not a destination. We began that journey 123 years ago, and it continues today. Each employee of The Coca-Cola Company has responsibility for stewardship of our natural resources and must strive to conduct business in ways that protect and preserve the environment. Our employees, business partners, suppliers and consumers must all work together to continuously find innovative ways to foster the efficient use of natural resources, the prevention of waste and the sound management of water. Doing so not only benefits the environment, it makes good business sense.

EQUAL OPPORTUNITY POLICY
The Coca-Cola Company values all employees and the contributions they make. Consistent with this value, the Company reaffirms its long-standing commitment to equal opportunity and affirmative action in employment, which are integral parts of our corporate environment. The Company strives to create an inclusive work environment free of discrimination and physical or verbal harassment with respect to race, gender, color, national origin, religion, age, disability, sexual orientation, gender identity and/or expression or veteran status. We will make reasonable accommodations in the employment of qualified individuals with disabilities, for religious beliefs and whenever else appropriate.

The Company maintains equal employment opportunity functions to ensure adherence to all laws and regulations, and to Company policy in the areas of equal employment opportunity and affirmative action. All managers are expected to implement and enforce the Company policy of nondiscrimination, equal employment opportunity and affirmative action, as well as to prevent acts of harassment within their assigned area of responsibility. Further, it is a part of every individual’s responsibility to maintain a work environment that reflects the spirit of equal opportunity and prohibits harassment.

Savings Derived from Using Post-Consumer Recycled Fiber in Lieu of Virgin Fiber:

- 337 trees preserved for the future
- 973 lbs waterborne waste not created
- 143,104 gallons wastewater flow saved
- 15,834 lbs solid waste not generated
- 31,177 lbs net greenhouse gases prevented
- 238,632,400 BTUs energy not consumed

Savings Derived from Choosing a Paper Created with Emission-Free, Wind-Generated Electricity:

- 16,199 lbs air emissions not generated
- 7 barrels crude oil unused

This Amount of Wind-Generated Electricity Is Equivalent To:

- planting 1,095 trees

Sandy Alexander, Inc., an ISO 14001:2004 certified printer with Forest Stewardship Council (FSC) Chain of Custody, printed this report with the use of certified renewable wind power purchased from Community Energy, resulting in nearly zero volatile organic compound emissions. This report was printed on process chlorine-free FSC-certified Mohawk Options 100% PC, which is made with 100 percent post-consumer recycled fiber. This paper is made carbon neutral within Mohawk’s production processes by offsetting thermal manufacturing emissions with VERs, and by purchasing enough certified Renewable Energy Certificates to match 100 percent of the electricity used in our operations. The Coca-Cola Company, a Foundation Member of eTree, has donated more than 350,000 trees since October 2005 through American Forests for reforestation projects across the United States, and since 2005 has significantly reduced the number of reports printed.
